OPEN HOUSE FOR CONVERSE RUBBER: The Converse Rubber Company, formerly of Malden, manufacturer of the famous All-Star basketball shoe and other athletic equipment has moved to 50 Fordham Road in Wilmington. The company has taken over a 78,000 square foot building which it is using for company headquarters, empploying some 350 persons.

A week ago there was an Open House for employees and friends a week ago, and company president Steve Stone is shown greeting the employees and their guests. In the background are (l to r) Dick Pomeroy and Frank Rosa of the Wilmington Industrial Commission; president Bernie Brady of the Wilmington Chamber of Commeerce, and James F. Banda, chairman of the Board of Selectmen.

Lee Chemlen fights Bad Emanations

Lee Chemlen is a man who is at least slightly known to the readers of the Town Crier. He is the man who presented, not too long ago, copies of the Baldwin Apple Monument to the president of the Wilmington Chamber of Commerce, the Director of the Wilmington Industrial Development Commission, and other assorted officials, making them members of the Benevolent and Protective Order of the Pecker Apple Tree.

Lee is now in the middle of another story. Literally, in the middle - with a Criminal Complaint asking that he appear in court on October 15th, to tell why he isn't keeping the Bedford Board of Health happy.

Anyone who has had his bouts with officialdom can understand Lee's problem, and perhaps stand up and cheer. Lee and the Bedford Board of Health have been discussing certain problems, and Lee has written a book about it. It is quite a book.

Anyway Lee is due to appear in criminal court, and he is at the same time selling his book, right here. He should - he works for a Wilmington firm - Dynamics Research Corporation.

The book starts off, with Chapter 1 being entitled: The Effluent Society. That's the kind of guy Lee is. He can think up the damnd'st things.

Lee Chemlen is not Chic Sales. He just outdoes him, in a modern vein.

The 59th Annual Conference Municipal Management Association

Sterling Morris, town manager of Wilmington, is also the president of the Massachusetts Municipal Management Association. During the past week the association was the host to the City Managers of the U.S. the International City Management Association.

With Morris as host, it was held in the Sheraton Boston, September 23 through 27. The program was a busy one, and in the evenings, and week-end time there were other activities, such as an evening at the Boston Pops, and a clam bake at Gloucester, at which one City Manager from one of the inland cities did not want his lobster, and Sterling as a result had two.

The most startling piece of information that Morris brought back to Wilmington was the result of a tour of the new City Hall in Boston, given to all the City Managers. Mayor Kevin White has a broadcast booth, equipped for both radio and TV, right beside his private office.

STERLING MORRIS: President of the Massachusetts Municipal Management Association, with James Sullivan, City Manager of Lowell and Richard Brown, Executive Secretary of Burlington. The three men constituted the Host Committee for the 59th annual meeting of ICMA.

Congregational Minister to be installed October 7th

The Reverend George B. Taylor III, Minister of the Congregational Church of Wilmington, will be formally installed at a special Installation Service to be held at the Church Sunday, October 7th at 4 pm.

Other ministers from the Andover Association of the United Church of Christ will participate in the service, which includes vows establishing Mr. Taylor and the members of the church in a covenant relationship. Mr. Taylor is the 23rd Minister of the church, which was founded in 1733.

A graduate of Yale Divinity School, Mr. Taylor served previously as Associate Minister for the First Congregational Church in Kalamazoo, Michigan. He has a special interest in the Charismatic Movement and the church's healing ministry which he will present at the service in a paper entitled "New Testament Christianity for Today."

The service is open to the public. Refreshments will be served.

Chief's pay may be settled

It seems that the suit against the Town of Wilmington, by Police Chief Paul Lynch and Fire Chief Arthur Boudreau may be settled, and that the people of Wilmington may expect an announcement shortly.

Chapter 1082 of the Acts of 1972 provides that the fire and police chiefs of any community shall receive no less than twice the salary of the highest paid man in their department, if 20 or more persons are in that department. In towns where the number is 13 to 19, the chief is to receive 1.8 times the salary of the highest paid individual, and where there are 12 or fewer persons the salary of the chiefs is to be 1½ times the salary of the highest paid individual.

Legally, as was reported last August, the case has produced a can of worms in Wilmington, in that there was a suit instituted against the Town Manager, charging him with a criminal complaint in not paying the salaries voted by the legislature. Sterling Morris, Town Manager of Wilmington was working on the direct orders of the Board of Selectmen.

Since then the Selectmen have given Mr. Morris orders to see if he could settle the case out of court. This does not seem to have been done in open meeting.

While the Town Manager and the Town Counsel, Alan Altman, have been working trying to settle the cases out of court at least one Selectman has been making private visits to the two chiefs, without the knowledge of the Town Manager. On one occasion there was a three-way meeting, in the Fire Chief's office, possibly for a pinochle game.

The case has arrived at a curious set of circumstances, if rumors around town can be believed.

1. The Town Manager has arrived at a settlement, as he was ordered to by the Board of Selectmen. It is expected to be announced shortly.

2. The Board of Selectmen have been having executive meetings, in which, it is to be believed, they have expressed their unhappiness that the cases are being settled.

Wilmington's Biggest Athletic Event

TERRI JENKINS of Brentwood Avenue, Wilmington. She has a good reason to be sitting on the grass, on Wilmington Common.

Terri has just completed the athletic event of the year, in Wilmington, a twelve mile walk around the town for the Wilmington Community Fund. She has a blister on her left heel, and she suspects that there is one on her right foot. But she is glad she made the trip.

It was the one biggest athletic event ever to take place in Wilmington. Over 600 persons made a twelve mile hike around the town of Wilmington, last Sunday, as a part of the Wilmington Community Fund Walk-a-Thon. How much money the kids and their elders raised in still a question, but that was the idea - raise money for the Community Fund. The returns are expected to be at least three times greater than the results of the door to door campaigns of prior years.

An unofficial account says that 635 persons checked through the station which had been established at the North School - the next to last station on the hike. The last station, of course, was on Wilmington Common. Only the first fifty were numbered, as they arrived at the common and stragglers kept coming in all day, until after 3 pm.

The weather was ideal, which allowed an extremely high percentage of those who started to complete the trip.

The fastest trip was by Stephen Grant, a member of the Wilmington High School Track Team. Stephen, a freshman, left at 8:20 am and was back at 10:00 - one hour and forty minutes for 12 miles.

Close behind Stephen was a man who came in at 10:04 am. He was Bill Bradley of Frederick Drive. He was running, with an older man who presumably was his father. The older man said he did not live in Wilmington, and would not give his name.

Some of the outstanding performances, as noted by this paper were: Hazel Backman, who was the first of three generations to make the trip in the family, and who was significantly ahead of her son and her granddaughter, and was the oldest person to make the trip. Hazel doesn't mind telling her age, which is approaching the sixth decade.

Hazel is two months older than Selectman A. Daniel Gillis, who also marched the full distance. Mr. Gillis was one of four Wilmington Selectmen who showed up with Gillis. They were: Mr. Boylen, and Mrs. Caira as marchers, and Selectman Jim Banda who earned the d.o.m. of the week award, by trying to pick up the group of little girls who trailed the march by about three miles, happily eating candy and enjoying the beautiful day.

Banda was not the only one who was refused by the young ladies, the oldest of whom seemed to be about ten years old. Mort Grant, formerly on the Wilmington Planning Board, and driving one of the communications cars, was similarly rebuffed. No d.o.m.'s for them!

Mort reported his troubles over the radio, to the amusement of those at the central radio station. "I can't get them in the car, and I can't move them, and I'm not taking any part in this!"

Some of the little girls, it turned out, had been provided with $2, for refreshments by their parents. They stopped at every drug store to buy candy, for themselves and their friends, and what better way can there be to enjoy a Sunday afternoon of sunshine than to traipse along the highway, slowly, munching candy?

They checked in at the final station after 3 pm - hours after everyone else. And they did not accept any rides.

There was Senator Ron MacKenzie. He was a surprise marcher. Ron flew in from Seattle, Washington, and arrived only minutes before the march began. With him were Carl Backman and Mike Caira, most of the time - and he made the full distance. Ron sponsored himself, for the walk.

There was Francis Sferrazza. Valiently, gallantly, he marched the full distance, and it is only fair to report that he suffered the last mile. Frank must have done his military service in the cavalry.

Tom Casey, of Oakdale Road. Tom was one of twenty members of the Knights of Columbus who made the trip, and he was in marching trim. Tom has just re-enlisted in the Marine Corps Reserve, and in order to do so he had to lose sixteen pounds. Tom is now out for twenty years, in the Marine Corps.

Fred Miller. He is the president of the Guiseppi Roncaldi Chapter of the Sons of Italy. Fred marched and finished!

Two McLaughlin boys, each of whom wore a red sweater and red sneakers, and just ordinary, not special colored pants. The youngest is believed to have been the youngest marcher who made the full distance.

There was a younger one, but in a baby carriage. Mr. and Mrs. Walter Dalton of Grove Avenue pushed a baby carriage for the distance.

The two blondes, mentioned in last week's Town Crier. They checked in at about noon - made the distance in about four hours, and in fine shape.

Dave and Pat Gagnon, who live at the corner of Middlesex Avenue and Glen Road, served breakfast to all the Wilmington teachers who walked. There were close to twenty and most of them finished. Most walked with the children in their class.

Walter Pierce, Superintendent of Schools, and his daughter Judy about nine years old, made the full distance.

The first member of the Knights of Columbus to check in at the final station was Bob Bratty, of Melody Lane. Bob had to make the trip quickly, for he was to be the Lector at the 12 noon Mass, at St. Dorothy's.

Mr. and Mrs. Roy McClanahan were another couple to go the distance. He used to be the Building Inspector, and now is the Superintendent of Public Buildings in Wilmington.

Besides George Boylen there were others in that family - his wife Mary, and his sister and brother-in-law Mary and Al Lanni, and all the little Lanni's. It was, by co-incidence the fortieth birthday of Mary Lanni. She did the full distance.

And there is the name of a lady whom the marchers will probably never forget.

Louise Jenkins of Brentwood Avenue had the idea of putting up a stand with refreshments for the marchers on the common. It was a complete surprise - in fact it was almost over whelming. The Wilmington Baptist Church fell in with Louise's suggestion, and one of those manning the refreshment stand was no less than the clergyman in charge - the Rev. Peter Schreck.

SOMETHING STINKS in BEDFORD

COMMITTEE TO DEFEND LEE CHEMLEN

The committee is soliciting contributions for the legal defense of Leon P. Chemlen of 303 Concord Rd., Bedford, Mass. in a questionable action brought against him by the Town of Bedford.

Mr. Chemlen has written a small book entitled, "Something Stinks in Bedford" which describes the events leading up to this attempt to deprive him of rational public administration. The witty book takes the reader through the bizarre circumstances that ultimately ensnarled Mr. Chemlen in the sticky wicket of registered letters, a forman hearing, legal notices, a search warrant, a court summons, an arraignment, and an upcoming trial.

Mr. Chemlen has stated in the book, which is on sale for $1.00, that proceeds arising from the sale will go first to defray his legal costs and secondly, to the Town of Bedford to defray its legal costs in the prosecution of him.

The committee has adopted a similar policy. Any contributions will go first to defray Mr. Chemlen's legal costs and secondly, to the charity of the contributors choice.

Send your contribution, marked with the charity of your choice to:
Lee Chemlen Defense Fund
P.O. Box 459
Bedford, Mass. 01730

Any contribution of $2.00 or more will entitle the donor to a copy of the airy reading, tradicomic, "Something Stinks in Bedford".

Thank you . . .

IT'S TIME TO CLEAN OUT THE ATTIC AND BASEMENT

October 7-13th is Fire Prevention Week, a good time to get rid of the junk in your basement and garage that could easily turn into a fire hazard. It is also a good time to check your electrical wiring and also the operation of your furnace.

Eliminating these risks is one way to reduce our nation's high annual fire loss which would mean lower premiums on your insurance. It's well worth the effort.

Tewksbury Teenbits

by Kathy Heider

Guess who's coming to Tewksbury p again! The Army.! On Saturday and Sunday, October 13 and 14, the 412th Engineers group from Lawrence, will once again be helping T-SEA (a student ecology group from Tewksbury High) and citizens in a rebeautification program at Rogers Park. When they were here in September a good deal was accomplished, and everyone who helped, despite their tired appearance, felt really good because they did something to help.

Lunch will be available in an a la'carte Army style - for all who help out. Why not show that good ol' Tewksbury spirit by coming down to Rogers Park on Rogers St., Saturday and/or Sunday between 8 am and 4 pm for an hour or so. Everyone is invited to help any way they can.

For more information, contact TMHS teacher David Williams at PO Box 236, Tewksbury.

In the evening, when Tewksbury teens want to play tennis or basketball, they have to find some place other than Livingston Street now because there aren't any lights on. It appears someone didn't pay the bill!

On October 28, at the Andover Country Club, there will be a benefit dance for Linda Lemelin who was seriously injured in an automobile accident. The donation is $5.00.

The senior class is selling stationery to raise money for the senior prom.

If you have any information on teen events or teen agers in Tewksbury, contact Kathy Heider at 452-7834, or at PO Box 68 Tewksbury.

Letter

Dear Larz:

The Walk-A-Thon for the Wilmington Community Fund has now passed and hopefully it was successful. Let me, however, register one vote against having in on Sunday morning.

There are enough forces in society competing against the Church already, so why pick the one time when many people might otherwise attend Church?

Yours truly,
Rev. George B. Taylor III

How about you clergymen giving credit to the kids who made that march, and marking them as having been present in Sunday School?

Larz

CAR CORNER by Vern Johnson

Too many drivers attach too much importance to the turn signals on their own cars and on the cars of others. They may drive along with their turn signals on with no intention of turning.

They may depend on others to turn when perhaps a turn signal is completely unintentional. It's well to look down and check now and then to be sure your turn signals mean what you think they mean.

Always make allowances for the driver of the other car - leave yourself a safe way out of every driving situation.

As a Little Child

As we are willing to kneel again as children, then shall we discover for ourselves the glory Thou has revealed, and find the wonder of it gripping our hearts and preparing them for Thy peace. So shall we...enter into the Kingdom of God, and know it, and feel it, and rejoice in it. In Thy name, who didst dare to come to earth as a little child, we pray.

Amen

MICO PRESENTS THE HAIFA ROTARY BANNER: To president Lew Tremblay of the Tewksbury Rotary Club.

The Odyssey of Harry Johnson

Possibly it all originated in the minds of Dick Duggan and Anita Backman, but then, more than those two persons were needed to think up all the nuances of the trip.

These are the two persons who first thought up the idea of the Wilmington Community Fund Walk-a-Thon, and possibly, to tell the truth, Anita was the hardest thinker.

Anyway, that historic athletic event is now over, and one of the many highlights of last Sunday was the Odyssey of Harry Johnson. Harry Johnson, former Little League manager, athlete and bon vivant, and a real heavyweight among those who regard athletic prowess as a necessary part of life, made the tiring Odyssey of 12 miles around Wilmington, last Sunday.

It was quite tiring to Harry, but at the end of the journey he declared that, with ten minutes rest, he was ready to do it all over again.

Harry, it must be remarked, possibly tips the scales at 150 pounds in his underwear, providing that he is wearing woolies, and also providing that the woolies are soaking wet.

Harry was given a ride around Wilmington in a racing gig. There were special cushions, to provide for Harry's comfort. There was a place for him to keep his cigars. Provisions were made for cool drinks for Harry, during that twelve mile journey.

There was a sunshade, to keep that hot wicked sun from heating poor Harry's brow. He wore a nice straw hat, too, for the same purpose - a straw hat with a broad red riband.

And, in case it got chilly during the ride, there was a bright red vest for Harry, under his sports coat. Nothing was too good for one of Wilmington's premier sportsmen, who was making the arduous sacrifice for the good of the town.

The willing steeds? Six of the female sex, all from Wilmington. One of the females was Mrs. Harry Johnson, and another was Harry's daughter, Kathi.

One of Wilmington's more or less wealthy capitalists, who wants to be anonymous, but who passes under a name that has initials of MCP put up a prize of $250 for the Wilmington Community Fund, if these ladies succeeded in completing the distance.

The trip took about four hours.

The ladies found that it was necessary to allow Harry to descend from the gig, every now and then, to rest himself. And, of course, this to them was a command.

But they came in on a run - for the last hundred feet they were not merely patient plodding horses, but rather some of the cavalry of Confederate General J.E.B. Stuart, riding around the Union Army.

Those girls had what it takes. And, while Harry demanded a ten minutes rest, before he would again start such a journey, they were ready, right there and then, to start again - providing that some other MCP put up another $250 for the Wilmington Community Fund.

There was a party Sunday night, for those in the story of the Odyssey of Harry Johnson. All the ladies were there - but not poor Harry.

He had gone to bed. He was too tired.

THE HARDEST ORDEAL IN THE WILMINGTON WALK-A-THON: Harry Johnson, well known Wilmington athlete and bon-vivant, riding behind his horde of females.
At the shafts, l to r: Carol Wiberg, Hazel Backman, Kathi Johnson Burke, Nicki Johnson, Barbara Larson and Anita Backman. The hard working slaves hauled Harry over hill and dale for a distance of 12 miles.

Mico Kaufman went to Israel

Mico Kaufman is a well known man, an artist who has won many awards, and has appeared at many public functions. He has a pleasing personality, and a command of the English language which is, to say the least noteworthy.

Mico has an accent that is just a little different. In a way it sounds like that of the Russian Jewish people of 50 years ago, but his is Rumanian Jewish, and just a little softer. He has studied the English language most assidiously, he has a vocabulary which far exceeds that of many who are native born to this country.

His syntax, however, is still dominated in a small way by the language he learned as a boy, which, combined with his acute powers of observation makes listening to Mico Kaufman a thoroughly delightful experience.

Mico spoke in the Tewksbury Rotary on September 27th on his recent trip to Israel, and he presented a banner from the Haifa Rotary to president Lew Tremblay.

The Haifa club, he said, is much like that of any Rotary club anywhere, except that the speakers all used the English language instead of Jewish. The speaker, he found, had a hypnotic power, and he put Mico to sleep. After it was all over Mico found everyone saying that the speaker had made one of the most exciting speeches ever made. Mico could only reflect that he had slept through it.

Mico met a brother and a sister in Israel, that he had not seen for 27 years. It was exciting to hear him tell of his travels in the country part of the time with his brother.

Everything is growing at an exciting pace, and everywhere are autos, travelling in an exciting manner. Forget about the Wild Man of Borneo, said Mico, just watch those Israeli drivers! They drive side by side, and talk to each other, often for miles! They all have little cars, except for some who have the big (German) Mercedes, often used as a taxi. Autos are hard to buy, in Israel.

"My brother-in-law was driving me down from Jerusalem - down is the right word - and I looked out and saw a slash in his tire. I spoke about it. "Don't worry about that, it's been that way for two years' he said".

"One time we were riding in a car in Tel Aviv. Another car, going at the same rate of speed, was going sideways! We stopped, and they went into the ditch. So we backed up, and went to help them, and when they saw us they got out of their car and took off like a rocket!"

"The Arabs - I saw some of their homes. They are older homes, drab but functional, built by engineers. Now the Israelis are building them new homes. They seemed to get along very well with the Jewish people".

"The people in Israel don't worry. Everyone works. Everyone has a high standard of living. The government is building huge blocks of apartment houses. They are going to be much more spacious."

"Many people work for the government, but there is also private employment. When a man has worked for a private employer for 10 years he gets tenure - you cannot fire him!"

"The Israeli TV - Three hours, every day, is in Arabic. Most of the movies are old American reruns and you know how dull that can be. They do have a good TV education system."

"I took a trip out to the Kibutzim - that's the communal farms, where people live a country life. The people mix only at work and at supper. It is still a romantic life - and they work hard. Now they are building motels in Kibutzim - one right down by the Dead Sea."

"Jewish life - that's where you don't worry about tomorrow! While I was there they had that fight with the Syrian planes,- you know, where they shot down 13 planes. So I asked someone what he thought about it and he said, "you know, it used to be 12 to 1, now it is 13 to 1."

"There is full safety on the streets - a woman does not need to worry. Everybody leaves the doors open at night."

"The climate - there is a tremendous humidity. You go to bed at night and you wake up because you are in a sweat. In the summer, for six months, it never rains, and then in the winter, it never stops."

"I saw some of the art colonys - you know, like the ones near Gloucester. The government makes it easy for artists - I think I might move there."

"The Jordan River - you hear about the Jordan River. It is disappointingly small. Two kids on a raft, in the middle of the river, took up the whole river. I think if someone is going to take a bottle of water from the Jordan River it will disappear."

"The Jewish people are very conservative. There are two classes of men - those who wear blue shirts and those who wear white shirts. They both wear baggy pants."

The Arab people, they get along very well with the Jewish people. It is the politics that makes things difficult. I went into the market place amarket place and saw the Arabs, with their donkeys, - a very interesting blend - a jump from one world to another.

"I assure you mon ami, nowhere in Europe will you find an establishment such as KAPPY'S new liquor supermarket in North Reading"

GIANPAUL ONOFRI

As a boy I literally grew up in the vineyards of my native Italy and France. Since then I have traveled throughout all of Europe in some capacity associated with the spirited beverage industry. But never have I witnessed the tremendous variety of liquors, wines and beers to be found under one single roof as assembled on the gleaming shelves of Kappy's cavernous new supermarket of liquors in North Reading, Massachusetts, U.S.A.

And I shall be there all week from Monday, October 8th through Saturday, October 13th to greet you and answer any questions you might have on the selection and serving of wines and other beverages.

May I look forward to the pleasure of your company on this spirited occasion?

Let's Talk Real Estate

Bathtubs are really worth considering when you are in the market for a new home.

A prime example of a badly placed bathtub may be one that is placed next to a window which may be cold during the winter. You must also consider what the tub is made of.

Standard bathtubs are made of cast iron, but cheaper ones are made of steel. Five feet long, 30 inches wide, and 14 or 15 inches deep is the best size for that all-important tub.

If you are looking for a home or selling your home, you can trust A & M Fenton Realty, 104 Lowell St., Rte. 129, Wilmington, 658-3221, 944-6457 to provide honest professional service. A member of the Eastern Middlesex Board of Realtors, we are pledged to maintain the highest ethical standards of the real estate profession and urge you to call us today with your listing for maximum exposure. Hours: 9 to 5 seven days; evenings by appointment.

Helpful Hint: Always turn the water on in your prospective dream house and listen for noisy plumbing.

REDMEN SCALPINGS

Morin leads Tewksbury over Dracut

Senior co-captain Tom Morin ran for 153 yards and three touchdowns as a fired-up Tewksbury squad belted Dracut 20-0 at Dracut High School Saturday afternoon.

The Redmen have now blanked Coach Ed Murphy's squad by a score of 84-0 over the last four years. The first quarter was a defensive struggle with neither team being able to move the ball. Tewksbury ate up the clock on a powerful scoring drive to open the second quarter.

With the ball on Tewksbury's twenty, the gutsy Morin began to take charge. He drove around right end to the twenty-seven.

Another Morin carry took the ball to the thirty-one. Then sophomore Rick Mackey carried to the thirty-five to pick up the first down. Two more Mackey runs brought the ball down to Tewksbury's forty-six.

Morin then swept right as he drove two Dracut defenders into the bleachers in picking up seven yards to the forty-seven of Dracut. Mackey then proceded to advance the ball to the thirty-eight on two tough runs.

Once again Morin drofe off-tackle for six yards. He then clipped nine more yards off as Dracut appeared to be getting blown all over the field. A Joe Stagnone run gave Tewksbury another first down on Dracut's eighteen. Mackey then was stopped for no gain on the next play. Once again Dracut's defensive weakness was exposed as Morin went around right end for nine more yards. On the next play offside was called on the Redmen and it was third down on the fourteen yard line.

A brilliant run by the sophomore Mackey on the next play salvaged the drive as he lugged the ball down to Dracut's four where it was first and goal. Another offside penalty set Tewksbury back to the ten, but on the next play Captain Morin sprinted through a gaping hole in the Dracut line for Tewksbury's first score of the year. The Tewksbury defense, led by veterans Kevin Jarnagan and Bill McCann stopped Dracut's offense completely.

At halftime the Redmen were leading 7 to 0 and it looked like a long afternoon for Dracut fans.

The second half was all Morin. He took the second half kickoff at his own twenty and raced down the middle of the field to Tewksbury's forty-eight. Morin and Mackey carried the ball from that point on the field down to Dracut's twenty-five as Tewksbury ate up valuable time. Three spinning runs by the hard-driving Mackey brought the ball down to the thirteen yard line.

On the next play Morin banged and weaved over left tackle for his second touchdown of the day. The conversion failed and the score was Tewksbury 13, Dracut 0.

It remained that wal halfway through the fourth quarter as the Tewksbury defensive line began putting extreme pressure on Dracut quarterback Jean Dufour. Another time-consuming drive resulted in Morin's third score as he broke several tackles from six yards out to reach pay dirt.

This week Billerica takes on the Redmen at Tewksbury. Came time is 1:30.

COUGAR CORNER

Gridders win eleventh straight

The Austin Cougars upped their football victory streak to eleven last Saturday when they bested Methuen High School 26-24.

Austin's second win of the season in Merrimack Valley Conference competition was an uphill struggle climaxed by a sensational 54 yard breakaway by Steve Webster (Lowell) Austin junior scatback.

The visiting Methuen club, preseason favorites to cap the title, broke fast. In their first series of plays from scrimmage Fred Alexia, Lee Holden and Bruce Nicholsen literally tore holes in the Austin defense. Nicholson scored from 20 yards out to give his team an early lead. The conversion attempt, a place kick went wide of the mark.

The Cougars never gave up. In turn they mounted a sustained drive with Bill Kiely scoring from four yards out on a blast over left tackle. The conversion points that would make the difference in the final score were chalked up when a pass interference call put the ball on the one yard line. Bill Kiely was equal to the task in gaining the essential two points. The first half ended with Austin sporting a 14-12 lead.

WILDCAT TALES

Soccer On Top

Thurs. Sept. 29th...The varsity booters extended their win streak to five with a convincing 5-0 triumph over Peabody. The Wildcats jumped out to an early 1-0 first period lead on the strength of Chris DiCecca's fifth seasonal marker and the outcome was not in doubt.

Co-captain Barry Aruda upped the lead to 3-0 with a pair of markers later in the opening stanza. The Wildcats center-forward headed home his ninth off a Bob Pidgeon pass and then four minutes later beat the Tanners net minder with a short rebound shot. The third varsity goal came off a Rick Diehl corner kick.

Bruce Tarricons added more salt to the wound redirecting a Dave Maloney pass for his second goal in two games with a commanding 4-0 lead. Reserve center forward Roy Meyer notched his initial varsity goal late in the second stanza to close out the scoring for the afternoon, as Coach Lentine played his reserves for the remainder of the contest.

Tue. Oct. 2...In a battle for the league lead, Coach Lentine's varsity booters came from behind with a pair of fourth period goals to edge Andover, 2-1. The triumph extended the Wildcats win streak to six as they continue their quest for their second consecutive league crown.

After a scoreless first half, in which the Golden Warriors held a slight edge in play, Andover went on top 1-0 early in the third frame. Right wing Bart Farrell beat Wildcat goalie Chuck Wood from five feet out as the Wilmington defense suffered a mental lapse.

In the opening moments of the last stanza Dave Maloney, booted home his third seasonal marker on fine individual effort to beat Andover's Kevin Campbell in the nets. Late in the frame co-captain Barry Aruda scored the game winner midst a goal mouth scramble to provide the Wildcats with their margin of victory. Aruda's tally was his tenth of the season, as the senior center-forward continues his fine offensive play.

The entire starting eleven deserves credit as the triumph was a truly team effort. Defensively John Harrison, Dan Burns, Ron Lawrenson and co-captain Mark Kalkanajian played very well in front of Wood.

Wildcats Win in Air. 18-0

It looked like another afternoon of mistakes last Saturday afternoon, as the Wildcats fumbled away the pigskin in the opening moments of play, but the defense turned it around and the varsity eleven went on to whip Lawrence Central, 18-0.

The Wildcats took the opening kickoff at their 37, following Ray Noel's 23 yard return, and advanced to the Red Raiders 18 in eight plays before quarterback Carl Butler fumbled on an attempted pitch out. Central could not muster any attack and the Wildcats took over at the Raiders 28. Six plays later the varsity scored on a Butler to Tom Woods pass on second and 12 from the 17 yard line. The placement attempt failed when Doug Stewart's kick hit the left upright, but a Raider penaldy gave the Wildcats another shot and they were unsuccessful in a two point conversion attempt, and at 6:10 of the opening frame the Wildcats led, 6-0.

NEW TRAINER AT WHS: John Domby the newest addition to the WHS athletic staff is pictured during last Saturday's football clash with Central. Mr. Domby is observing Rick Howlett's injured hand, while Ray Noel (44) looks on with interest.

Late in the first half the varsity upped their lead to 12-0 on the strength of a 66 yard pass and run play from Noel to Stewart. The scoring play occured at 7:58 on a second and 10 from the Wildcat 34 as Butler pitched to Noel, who faded to his right and literally fired a bomb to Stewart. Doug caught the ball in stride at the Raiders 30 and outraced the Central secondary into the end zone. The placement try for the extra point was botched up by a poor exchange.

In the third frame Central came out throwing and behind the aerials of reserve quarterback Pat Walsh the Raiders controlled the ball for seven minutes. The drive began at their own 21 and in 12 plays the Raiders advanced to the Wildcat five before the Wilmington defense held on a fourth and three situation. Walsh clicked on three of four passes for 58 yards in the march.

On the ensuing series of downs the Wildcats again erred as Dean Devlin fumbled at the 22 after picking up five yards on the fourth play of the drive. The Raiders could not penetrate the stubborn varsity defense led by Bob Scarano, Bob Dorval, Bob Bavota and Devlin and the Wildcats took over at their 32 as the clubs entered the final stanza.

The varsity moved down field with a consistent drive of 11 plays before turning the ball over on downs at the Raiders 37. On the ensuing Doug Stewart punt, Sam D'Agata fumbled at the five and an alert Dana Daniell pounced on the loose pigskin and the Wildcats had a golden opportunity to put the game away. Two plays later Devlin went in from the two standing up behind the blocking of Scarano and Woods. The rush for the two points failed and at 4:19 the Wildcats were on top, 18-0.

The second offensive and defensive units finished out the game and the varsity was back on the winning trail once again.

Arnold paces field hockey triumph

Tue. Oct. 2...The varsity squad ripped Methuen, 5-1 behind the two goal scoring performance of Leslie Arnold in the seasonal opener for both clubs. Other goal getters were Doria McMillan, Lori McNabb and Tammy Oliviera.

Captain Carlene Butler was outstanding in the contests assisting on four of the five markers. Goal tender Carrie Arvanitis made two outstanding saves on sure Methuen goals in the early going to preserve the win.

The jayvees drubbed their counterparts, 3-0 in the preliminary contest. Sally Irwin scored a pair of goals, while Sheila Burns chipped in with a singleton to lead the younger Wildcat offensive attack.

Spring Sparkles in Harriers wins

Fri. Sept. 28...The varsity harriers opened their fall season on a victorious note, whipping Billerica, 20-36. The Indiand Dave Scharn came in first, but the Wildcats collected the next six places to provide the margin of victory.

1. Scharn (B)	16:05
2. Spring (W)	16:15
3. MacInnis (W)	16:43
4. Blaisdell (W)	16:56

TEWKSBURY IN ON BICENTENNIAL

Frank A. Antonelli, chairman of the Tewksbury selectmen, recently met and signed for Tewksbury's participation in the Bicentennial Community State and National program.

Mary Herbert, cities and towns coordinator, reported the state requires the chief elected official for each town must sign the bicentennial application.

Antonelli has advised the Bicentennial Committee to proceed with its task and to keep the board informed of its progress.

They built the house

On October first there was a sort of open house, at a home on Cook Street, in Billerica. It was near the Shawsheen Valley Technical High School. The pupils of the Technical High School had built it. On hand, to have their photographs taken by newspaper photographers were various individuals, but not the students. The individuals smiled broadly, the cameras went flash, and the reception was over.

The house, it must be understood, was already sold. A family had moved in. There was nothing to exhibit, because all was now private property, and the Shawsheen Tech High School is busy looking for another place where their students can be put to work and build another house.

Technically, the house is a split level. It is sixty feet long, and twenty five feet wide. It was started last January, and was completed in June, except for the landscaping. It was sold for $36,000, part of which will be used to establish a scholarship for Shawsheen Tech graduates.

There were about sixteen boys, from the carpentry class, who built that house. Some of them were Peter O'Rourke and Peter Wicks, one of Birchwood Road, and the other of Gunderson Road, in Wilmington; and Wesley Myers, of Wilton Drive, in Wilmington.

There was Fernald Surette, 144 Whittemore Street, Rando Gibbs, Grasshopper Lane and Richie Marsilia of Mill Street, all of Tewksbury.

Two Burlington boys were Mark Allen of 47 Macon Road, and Paul Morrocco.

The house was sponsored by R.J. Kelley of Burlington. Mr. Kelley is in the real estate business.

Adults who might be listed as being a part of the enterprise are Terence Walton of Holden and Leo Gaughan of Lexington, carpentry instructors, and John Childs of Andover, who teaches mathematics and blue print reading.

The boys work for a week at the carpentry shop, or on a carpentry project. Then they have a week of schooling, math, English, etc.

Do they like it?

Oh yes. Right now they are looking for another place, to build another home. It's a tremendous practical experience, they say.

Rear: Pat Mulkern, Flora; Robert Howard, Overseer; William Poirer, Master; and LeRoy Wallace, Treasurer.
The Wilmington Grange, which has always had members from both Tewksbury and Wilmington, is now starting its 67th year.

Cougar Corner
(from Page Eight)

As the final period started the see-saw scoring went into a tizzy-dizzy pace. John Simms, Methuen signal caller unlimbered his pitching arm. He threw to Bruce Nicholson and Craig Sutherland for good gains. Next he found Larry Phillips in the end zone for Methuen's fourth touchdown of the afternoon. Although the conversion points failed, Simms had put his team in the lead for the fourth time.

With time running out could Austin come back once more? In unbelievable fashion they did just that!!! From their own 35 Gaudet passed to Misk for 12 yards. After two aerials missed connections, Gaudet pulled the play of the day out of his magic bag - a halfback draw to Steve Webster, who travelled 54 yards for the final score. Austin led 26-24 in one of the most exciting upsets of Cougar gridiron lore.

Next week highly-touted Andover. The Cougars will again be the underdogs on paper, but you'll never have the spirited Willow Street boys believing it!!!

YOUR Pharmacist SPEAKS

By Doude

It was William Harvey in 1628 who discovered the circulation of the blood. Until then, beliefs about the blood had been confused, and medicine had done too much blood-letting.

It wasn't for three decades that the capillary system, which is part of the blood circulation system, was discovered, this time by an Italian physician Marcello Malpighi.

Half a century later, however, blood-letting was still a common practice in many communities and led to many premature deaths.
